TO WHOM IT MAY CONCERN:

I, as Structural Engineering Principal of the Firm, have had the opportunity to work with Mr. Contich during the early construction phase of Oakridge Elementary School Alterations and Additions project. It is my pleasure to report that Mr. Contich provided a professional, conscientious and knowledgeable effort on the project.

I do recommend Curt Contich for any new commercial / residential construction or renovation work.

Sincerely,

CATALYST-REIFF ASSOCIATES, INC.
