*Re: Thanks for Exceptional Work*

Dear Curt:

I wanted to thank you for your exceptional work on my various homes. Your team was extremely professional, very skilled and thorough. You knew the building codes and how to get things done very effectively and always had an expert available to respond to any concern. You managed your team in a very productive manner, leaving us with no worries or concerns at any time during any of the projects.

Your pricing was very competitive and I appreciate the personal attention you gave to ensuring that we had the best product at the best price, installed in a timely fashion with professionalism and great craftsmanship.

Thanks again.

Very truly yours,

  
Scott A. Mager, Esq.
